Contents: COPIOUS LEAF COMPOSTER

4 Posts	8 x Plastic Slats
4 Thick Boards	Zip ties
4 Standard Boards	3.5m netting

Contents: COPIOUS LEAF COMPOSTER MODULE

2 Posts	6 Plastic Slats
3 Thick Boards	Zip Ties
3 Standard Boards	3.5m Netting

COPIOUS LEAF COMPOSTER

1. Make a square with the Posts and the THICK Boards
2. Slide a Plastic Slat down a Post groove above the end of one of the slats. Repeat until there is a slat above each end of each board.
3. Finish off by sliding the Standard Boards into the frame.
4. Unroll the netting and place inside the frame. Secure with Zip Ties.

COPIOUS LEAF COMPOSTER MODULE

Modules have three sides to enable them to be an addition to a larger unit. For example another Copious Leaf Composter or a Combination of your choice. Therefore they need to attach to one side of another product.

1. Make a 3 sided unit with the Posts and the THICK Boards. Attach this to one side of another product, include the two posts on the chosen side.
2. Slide a Plastic Slat down a Post groove above the end of one of the slats. Repeat until there is a Plastic Slat above each end of each of three boards.
3. Finish off by sliding the Standard Boards into the frame.
4. Unroll the netting and place inside the frame. Secure with Zip Ties.
