

Assembly

HERB GARDENS - SQUARE FOOT GARDENING ROW - DOUBLE ROW - SQUARE - CASCADES

One Herb Garden	Five Line Herb Garden
Twin Herb Garden	Five Line Herb Garden Raised Centre Bed
Three Line Herb Garden	Double Three (Six) Herb Garden
Three Line Herb Garden, Raised Centre	Nine Square Herb Garden
Four Square Herb Garden	Nine Square Herb Garden Raised Centre Bed
Four Line Herb Garden	Double Five (Ten) Herb Garden
Double Four (Eight) Herb Garden	Cascades to choice!

With each Herb Garden the concept of assembly is the same. Consider the footprint you have chosen and decide where to place it. Posts will vary in height if your Herb Bed varies in eight.

For a LONG Herb Garden

1. Start by making a square using four Posts and four Boards.
2. Placing a post over the end of a board then add another board at right angles. Then complete a square using four boards and four posts.
3. Add a further bed by choosing the side from which you want to extend. Make another square using this side adding three more sides using three boards and two posts.
4. Continue until you have the desired footprint.
5. If your Herb Garden is two or three boards high, use the relevant shallow, standard and deep posts appropriately.

For a SQUARE Herb Garden start at one corner

1. Repeat as above until you have the desired SQUARE footprint. The final square will only require two sides and a single post.

For DOUBLE Row Herb Garden start at one end

SPECIAL NINE SQUARE Herb Garden with Raised Centre Bed

1. **Start in the center** using the 4 LONGER Posts as the starting point.
2. Then work four Herb Beds around the center Herb Bed each using three boards and two posts. You should have five sections now.
3. Fill the corner beds using two Boards and a single post.

Cascades are fun! They are personal. You make them your own.

For a CASCADE

With each Herb Garden the concept of assembly is the same. Consider the footprint you have chosen and decide where to place it. Posts will vary in height if your Herb Bed varies in eight. See Assembly for LONG Herb Gardens.
